

WILDLIFE – iNaturalist.org

Get involved! Record your wildlife observations with iNaturalist.org, it is a great way to enjoy the parks of the Los Angeles Emerald Necklace identifying the wildlife you see while visiting and posting your wildlife observations for a BioBlitz or anytime, it is fun and it is easy!

[iNaturalist.org](https://www.inaturalist.org) is a place where you can record what you see in nature, meet other nature lovers, and learn about the natural world.

From hikers to hunters, birders to beach-combers, the world is filled with naturalists, and many of us record what we find. What if all those observations could be shared online? You might discover someone who finds beautiful wildflowers at your favorite birding spot, or learn about the birds you see on the way to work. If enough people recorded their observations, it would be like a living record of life on Earth that scientists and land managers could use to monitor changes in biodiversity, and that *anyone* could use to learn more about nature.

That's the vision behind iNaturalist.org. So if you like recording your findings from the outdoors, or if you just like learning about life, [join us!](#)

Use iNaturalist.org and record your wildlife observations from the parks of the Los Angeles Emerald Necklace!
